Index to Volume 70

Physical Therapy End-of-Year Subject and Author Index—1990

Indexed pages in *Physical Therapy* are numbered consecutively from January through December. Pages in Volume 70, for the year 1990, are numbered 1 through 907. For convenient referencing, the yearly index for *Physical Therapy*, which appears in each December issue, is formatted similarly to the *65-Year Index for Physical Therapy*, available from APTA headquarters.

Months	Pages
January	1–62
February	63–148
March	149–217
April	218–276
May	277–337
June	338–407
July	408–466
August	467–534
September	535–598
October	599–688
November	689–757
December	758–907

Subject Index

Ambulation aids

Crutches

Energy cost, exercise intensity, and gait efficiency of standard versus rocker-bottom axillary crutch walking. Nielsen DH, Harris JM, Minton YM, Motley NS, et al. 1990;70:487–493.

General

Management of an above-knee amputee with complex medical problems using the CAT-CAM prosthesis. Mitchell CA, Versluis TL. 1990;70:389–393.

American Physical Therapy Association

American Physical Therapy Association awards for 1990. 1990;70:741.

American Physical Therapy Association Bylaws. 1990;70:674.

APTA membership qualifications. 1990;70:687.

APTA membership rights. 1990;70:686.

APTA roster. 1990;70:743.

APTA Standing Rules. 1990;70:683.

Membership statistics. 1990;70:742.

Report of the House of Delegates Session. 1990;70:740.

Statement of ownership. 1990;70:843.

General

Editor's note. Changes. Rothstein JM. 1990;70:338–339.

Amputations

Prosthetics

Management of an above-knee amputee with complex medical problems using the CAT-CAM prosthesis. Mitchell CA, Versluis TL. 1990;70:389–393.

Biofeedback

Conditioning of the spinal stretch reflex: implications for rehabilitation. Wolf SL, Segal RL. 1990;70:652–656.

Electromyographic biofeedback and recovery of quadriceps femoris muscle function following anterior cruciate ligament reconstruction. Draper V. 1990;70:11–17.

Cardiac

Tests and measurements

A new single-stage step test for the clinical assessment of maximal oxygen consumption. Francis KT. 1990;70:734–738.

▶Commentary. Guccione AA. 1990;70:738.

Cardiovascular responses to isokinetic trunk exercise. Peel C, Alland MJ. 1990;70:503–510.

Cerebral palsy

Work and power in hemiplegic cerebral palsy gait. Olney SJ, MacPhail HEA, Hedden DM, Boyce WF. 1990;70:431–438.

Evaluation

Issues in measuring change in motor function in children with cerebral palsy: a special communication. Rosenbaum PL, Russell DJ, Cadman DT, et al. 1990;70:125–131.

Quantification of control: a preliminary study of effects of neurodevelopmental treatment on reaching in children with spastic cerebral palsy. Kluzik J, Fetters L, Coryell J. 1990;70:65–76.

▶Commentary. Scholz JP. 1990;70:76–78.

▶Response. 1990;70:78.

Gait

Use of serial casting in the management of knee joint contractures in an adolescent with cerebral palsy. Phillips WE, Audet M. 1990;70:521–523.

Computers

A new single-stage step test for the clinical assessment of maximal oxygen consumption. Francis KT. 1990;70:734–738.

▶Commentary. Guccione AA. 1990;70:738.

Body-composition assessment using underwater weighing techniques. Francis KT. 1990;70:657–662.

▶Commentary. Ciccone CD. 1990;70:662–663.

Decision making

Factors physical therapists use to make career decisions. Pearl MJ. 1990;70:105–107.

▶Letter to the editor. Matthews D. 1990;70:396.

▶Response. 1990;70:396–397.

Diabetes

Relationship of foot deformity to ulcer location in patients with diabetes mellitus. Mueller MJ, Minor SD, Diamond JE, Blair VP III. 1990;70:356–362.

Edema

Influence of high voltage pulsed direct current on edema formation following impact injury. Bettany JA, Fish DR, Mendel FC. 1990;70:219–224.

Reduction of chronic posttraumatic hand edema: a comparison of high voltage pulsed current, intermittent pneumatic compression, and placebo treatments. Griffin JW, Newsome LS, Stralka SW, Wright PE. 1990;70:279–286.

Editor's note

Editor's note. A different kind of turf battle. Rothstein JM. 1990;70:149.

Editor's note. A friend indeed. Rothstein JM. 1990;70:689.

Editor's note. Caveat emptor and conference abstracts. Rothstein JM. 1990;70:277–278.

Editor's note. Changes. Rothstein JM. 1990;70:338–339.

Editor's note. Constancy. Rothstein JM. 1990;70:408–409.

Editor's note. Decision making in the profession. Rothstein JM. 1990;70:599–601.

Editor's note. Heralding of breakthroughs. Rothstein JM. 1990;70:1–2.

Editor's note. Movement science. Rothstein JM. 1990;70:758.

Editor's note. Much ado about probability. Rothstein JM. 1990;70:535–536.

Editor's note. Preparing to use technology. Rothstein JM. 1990;70:63–64.

▶Letter to the editor. Hiltz DL. 1990;70:324.

Editor's note. Upon these rocks. Rothstein JM. 1990;70:467–469.

Editor's note. What's in a name? Rothstein JM. 1990;70:218.

Education: physical therapist

Clinical education

Clinical teaching in physical therapy: student and teacher perceptions. Jarski RW, Kulig K, Olson RE. 1990;70:173–178.

Editor's note. Upon these rocks. Rothstein JM. 1990;70:467–469.

Editor's note. What's in a name? Rothstein JM. 1990;70:218.

Education: physical therapist

Clinical education

Clinical teaching in physical therapy: student and teacher perceptions. Jarski RW, Kulig K, Olson RE. 1990;70:173–178.

Effect of station examination item sampling on generalizability of student performance. Stratford PW, Thomson MA, Sanford J, et al. 1990;70:31–36.

Faculty

A profile of faculty development in physical therapy education programs. Rothman J, Rinehart ME. 1990;70:310–313.

Faculty members

Scholarly productivity: a regional study of physical therapy faculty in schools of allied health. Holcomb JD, Selker LG, Roush RE. 1990;70:118–124.

Teaching

What is empathy, and can empathy be taught? Davis CM. 1990;70:707–712.
▶Commentary. Ciccone CD. 1990;70:712–714.
▶Response. 1990;70:714–715.

Teaching methods

Effect of feedback on learning a vertebral joint mobilization skill. Lee M, Moseley A, Refshauge K. 1990;70:97–102.
▶Commentary. Paris SV. 1990;70:103.
▶Response. 1990;70:103–104.

Physical therapist curricula for the 1990s: educating the reflective practitioner. Shepard KF, Jensen GM. 1990;70:566–573.
▶Commentary. Hislop HJ. 1990;70:573.
▶Commentary. Schmoll BJ. 1990;70:574–575.
▶Commentary. Soderberg GL. 1990;70:575–576.
▶Response. 1990;70:576–577.

Preparation of physical therapists to work with handicapped infants and their families: current status and training needs. Cochrane CG, Farley BG, Wilhelm IJ. 1990;70:372–380.

Educational program listings

Educational programs in physical therapy. 1990;70:890–904.

Electromyography

Conditioning of the spinal stretch reflex: implications for rehabilitation. Wolf SL, Segal RL. 1990;70:652–656.

Effects of electromyographic processing methods on computer-averaged surface electromyographic profiles for the gluteus medius muscle. Kleissen RFM. 1990;70:716–722.

Effects of mental practice on rate of skill acquisition. Maring JR. 1990;70:165–172.

Electromyographic analysis of postural adjustments in two methods of balance testing. Duncan PW, Studenski S, Chandler J, et al. 1990;70:88–96.

Electromyographic biofeedback and recovery of quadriceps femoris muscle function following anterior cruciate ligament reconstruction. Draper V. 1990;70:11–17.

Exercise effect on electromyographic activity of the vastus medialis oblique and vastus lateralis muscles. Hanten WP, Schulthies SS. 1990;70:561–565.

Electrotherapy

Electrical stimulation

Acrocyanosis in a spinal cord injured patient—effects of computer-controlled neuromuscular electrical stimulation: a case report. Twist DJ. 1990;70:45–49.

Effect of electrical stimulation on survival of skin flaps in pigs. Im MJ, Lee WPA, Hoopes JE. 1990;70:37–40.

Effect of helium-neon laser auriculotherapy on experimental pain threshold. King CE, Clelland JA, Knowles CJ, Jackson JR. 1990;70:24–30.

Influence of high voltage pulsed direct current on edema formation following impact injury. Bettany JA, Fish DR, Mendel FC. 1990;70:219–224.
▶Letter to the editor. Mohr TM. 1990;70:583–584.
▶Response. 1990;70:584–587.

Preservation of force output through progressive reduction of stimulation frequency in human quadriceps femoris muscle. Binder-Macleod SA, Guerin T. 1990;70:619–625.

Reduction of chronic posttraumatic hand edema: a comparison of high voltage pulsed current, intermittent pneumatic compression, and placebo treatments. Griffin JW, Newsome LS, Stralka SW, Wright PE. 1990;70:279–286.

Two theories of muscle strength augmentation using percutaneous electrical stimulation. Delitto A, Snyder-Mackler L. 1990;70:158–164.

Energy expenditure

Acute and chronic effects of exercise using an Exercycle in healthy, untrained adults. Cunningham LN, Cantu RC. 1990;70:494–502.

Consequences of combining strength and endurance training regimens. Nelson AG, Arnall DA, Loy SF, et al. 1990;70:287–294.

Energy cost of walking with hip joint impairment. Gussoni M, Margonato V, Ventura R, Veicsteinas A. 1990;70:295–301.

Energy expenditure of ambulation using the Sure-Gait® crutch and the standard axillary crutch. Annesley AL, Almada-Norfleet M, Arnall DA, Cornwall MW. 1990;70:18–23.
▶Letter to the editor. Martin D. 1990;70:455.
▶Response. 1990;70:455–456.

Equipment

Exercise

Acrocyanosis in a spinal cord injured patient—effects of computer-controlled neuromuscular electrical stimulation: a case report. Twist DJ. 1990;70:45–49.

Acute and chronic effects of exercise using an Exercycle in healthy, untrained adults. Cunningham LN, Cantu RC. 1990;70:494–502.

General

Lumbar curvature in standing and sitting in two types of chairs: relationship of hamstring and hip flexor muscle length. Link CS, Nicholson GG, Shaddeau SA, et al. 1990;70:611–618.

Exercise

General

Cardiovascular responses to isokinetic trunk exercise. Peel C, Alland MJ. 1990;70:503–510.

Comparison of corridor and treadmill walking in patients with severe chronic obstructive pulmonary disease. Swerts PMJ, Mostert R, Wouters EFM. 1990;70:439–442.

Strengthening

Consequences of combining strength and endurance training regimens. Nelson AG, Arnall DA, Loy SF, et al. 1990;70:287–294.

Exercise effect on electromyographic activity of the vastus medialis oblique and vastus lateralis muscles. Hanten WP, Schulthies SS. 1990;70:561–565.

Progressive exercise testing in closed head-injured subjects: comparison of exercise apparatus in assessment of a physical conditioning program. Hunter M, Tomberlin J, Kirkikis C, Kuna ST. 1990;70:363–371.

Foundation for Physical Therapy

Editor's note. A friend indeed. Rothstein JM. 1990;70:689.

Functional training and activities

Life-span development in functional tasks. VanSant AF. 1990;70:788–798.

Postural control in standing following stroke: test-retest reliability of some quantitative clinical tests. Goldie PA, Matyas TA, Spencer KI, McGinley RB. 1990;70:234–243.

Geriatrics

Balance performance on the postural stress test: comparison of young adults, healthy elderly, and fallers. Chandler JM, Duncan PW, Studenski SA. 1990;70:410–415.

Biomechanical walking pattern changes in the fit and healthy elderly. Winter DA, Patla AE, Frank JS, Walt SE. 1990;70:340–347.

Information processing for motor performance in aging adults. Light KE. 1990;70:820–826.

Head injury

Progressive exercise testing in closed head-injured subjects: comparison of exercise apparatus in assessment of a physical conditioning program. Hunter M, Tomberlin J, Kirkikis C, Kuna ST. 1990;70:363–371.

Hemiplegia

Evaluation

Effects of treadmill training on gait in a hemiparetic patient. Waagfjörd J, Levangie PK, Certo CME. 1990;70:549–558.
▶Commentary. Delitto A. 1990;70:558–559.
▶Response. 1990;70:560.

Relationship of sensory organization to balance function in patients with hemiplegia. Di Fabio RP, Badke MB. 1990;70:542–548.

Orthoses and supports

Effect of a tone-inhibiting dynamic ankle-foot orthosis on stride characteristics of an adult with hemiparesis. Diamond MF, Ottenbacher KJ. 1990;70:423–430.

Kinesiology/biomechanics

Gait analysis

Biomechanical walking pattern changes in the fit and healthy elderly. Winter DA, Patla AE, Frank JS, Walt SE. 1990;70:340–347.

Effect of a tone-inhibiting dynamic ankle-foot orthosis on stride characteristics of an adult with hemiparesis. Diamond MF, Ottenbacher KJ. 1990;70:423–430.

Effects of electromyographic processing methods on computer-averaged surface electromyographic profiles for the gluteus medius muscle. Kleissen RFM. 1990;70:716–722.

Effects of neuro-developmental treatment and orthoses on knee flexion during gait: a single-subject design. Embrey DG, Yates L, Mott DH. 1990;70:626–637.

Energy cost, exercise intensity, and gait efficiency of standard versus rocker-bottom axillary crutch walking. Nielsen DH, Harris JM, Minton YM, Motley NS, et al. 1990;70:487–493.

Work and power in hemiplegic cerebral palsy gait. Olney SJ, MacPhail HEA, Hedden DM, Boyce WF. 1990;70:431–438.

General

[A model for multisystem evaluation and treatment of individuals with Parkinson's disease. Schenkman M, Butler RB. 1989;69:932–943.]
▶Erratum. 1990;70:54.

Balance performance, force production, and activity levels in noninstitutionalized men 60 to 90 years of age. Iverson BD, Gossman MR, Shaddeau SA, Turner ME Jr. 1990;70:348–355.

Controlling stability of a complex movement system. Keshner EA. 1990;70:844–854.

Energy cost of walking with hip joint impairment. Gussoni M, Margonato V, Ventura R, Veicsteinas A. 1990;70:295–301.

Interrater and test-retest reliability of two pediatric balance tests. Atwater SW, Crowe TK, Deitz JC, Richardson PK. 1990;70:79–87.

Relationship of sensory organization to balance function in patients with hemiplegia. Di Fabio RP, Badke MB. 1990;70:542–548.

Lower extremity

Management of a patient with forefoot pain: a case report. Cibulka MT. 1990;70:41–44.

Validity of knee flexion and extension peak torque prediction models. Gross MT, Credle JK, Hopkins LA, Kollins M. 1990;70:3–10.

Sit-to-stand analysis

Reliability of a clinical kinematic assessment of the sit-to-stand movement. Jeng S-F, Schenkman M, Riley PO, Lin S-J. 1990;70:511–520.

Whole-body movements during rising to standing from sitting. Schenkman M, Berger RA, Riley PO, et al. 1990;70:638–648.
▶Commentary. VanSant AF. 1990;70:648–649.
▶Response. 1990;70:649–651.

Trunk

Anterior dysfunction of the sacroiliac joint as a major factor in the etiology of idiopathic low back pain syndrome. DonTigny RL. 1990;70:250–262.
▶Commentary. Greathouse DG, Benson CJ, Cropper JR. 1990;70:262–264.
▶Response. 1990;70:264–265.

[Back support mechanisms during manual lifting. Sullivan MS. 1989;69:38–45.]
▶Letter to the editor. McGill SM, Norman RW. 1990;70:394–395.
▶Response. 1990;70:395–396.

Relationship between trunk muscle torque and bone mineral content of the lumbar spine and hip in healthy postmenopausal women. Halle JS, Smidt GL, O'Dwyer KD, Lin S-Y. 1990;70:690–699.

Reliability of isokinetic measurements of hip muscle torque in young boys. Burnett CN, Betts EF, King WM. 1990;70:244–249.

Lower extremity

Ankle and foot

Management of a patient with forefoot pain: a case report. Cibulka MT. 1990;70:41–44.

General

[Intertester reliability of clinical judgments of medial knee ligament integrity. McClure PW, Rothstein JM, Riddle DL. 1989;69:268–275.]
▶Letter to the editor. Snyder-Mackler L, Delitto A. 1990;70:204.
▶Response. 1990;70:204–205.

Validity of derived measurements of leg-length differences obtained by use of a tape measure. Beattie P, Isaacson K, Riddle DL, Rothstein JM. 1990;70:150–157.

Knee

Reliability and validity of judgments of the integrity of the anterior cruciate ligament of the knee using the Lachman's test. Cooperman JM, Riddle DL, Rothstein JM. 1990;70:225–233.

Manual therapy

Effect of feedback on learning a vertebral joint mobilization skill. Lee M, Moseley A, Refshauge K. 1990;70:97–102.
▶Commentary. Paris SV. 1990;70:103.
▶Response. 1990;70:103–104.

Mary McMillan Lecture

Twenty-Fourth Mary McMillan Lecture: Camelot revisited—legacy of the physical therapy education program at Case Western Reserve University. Lehmkuhl LD. 1990;70:723–733.

Movement science

A dynamical systems approach to motor development. Kamm K, Thelen E, Jensen JL. 1990;70:763–775.

Animal models offer the opportunity to acquire a new perspective on motor development. Bradley NS. 1990;70:776–787.

Changes in posture control across the life span: a systems approach. Woollacott MH, Shumway-Cook A. 1990;70:799–807.

Controlling stability of a complex movement system. Keshner EA. 1990;70:844–854.

Coordination of posture and movement. Frank JS, Earl M. 1990;70:855–863.

Dynamic Pattern Theory—some implications for therapeutics. Scholz JP. 1990;70:827–843.

Editor's note. Movement science. Rothstein JM. 1990;70:758.

Guest contributors [Movement Science series]. 1990;70:873–874.

Information processing for motor performance in aging adults. Light KE. 1990;70:820–826.

Life-span development in functional tasks. VanSant AF. 1990;70:788–798.

Motivational considerations in physical activity involvement. Lewthwaite R. 1990;70:808–819.

Movement science and its relevance to physical therapy. Knecht HG, Winstein C. 1990;70:759–762.

Sensorimotor contributions of the basal ganglia: recent advances. Connor NP, Abbs JH. 1990;70:864–872.

Muscle

Type II fiber activation with electrical stimulation: a preliminary report. Sinacore DR, Delitto A, King DS, Rose SJ. 1990;70:416–422.

Muscle performance

General

A review of myotatic reflexes and the development of motor control and gait in infants and children: a special communication. Myklebust BM. 1990;70:188–203.

Two theories of muscle strength augmentation using percutaneous electrical stimulation. Delitto A, Snyder-Mackler L. 1990;70:158–164.

Lower extremity

Validity of knee flexion and extension peak torque prediction models. Gross MT, Credle JK, Hopkins LA, Kollins M. 1990;70:3–10.

Measurement

Balance performance, force production, and activity levels in noninstitutionalized men 60 to 90 years of age. Iverson BD, Gossman MR, Shaddeau SA, Turner ME Jr. 1990;70:348–355.

Breathing exercises for the medical patient: the art and the science. Kigin CM. 1990;70:700–706.

Preservation of force output through progressive reduction of stimulation frequency in human quadriceps femoris muscle. Binder-Macleod SA, Guerin T. 1990;70:619–625.

Relationship between performance of selected scapular muscles and scapular abduction in standing subjects. DiVeta J, Walker ML, Skibinski B. 1990;70:470–476.
▶Commentary. Sahrmann SA. 1900;70:476–477.
▶Response. 1990;70:478–479.
▶Letter to the editor. Queensberry G. 1990;70:877.
▶Response. 1990;70:877.
▶Letter to the editor. Sullivan PE. 1990;70:875–876.
▶Response. 1990;70:876–877.

Relationship between trunk muscle torque and bone mineral content of the lumbar spine and hip in healthy postmenopausal women. Halle JS, Smidt GL, O'Dwyer KD, Lin S-Y. 1990;70:690–699.

Relationship of extremity muscle torque and bone mineral density in postmenopausal women. Zimmermann CL, Smidt GL, Brooks JS, et al. 1990;70:302–309.

[Relationships between lumbar lordosis, pelvic tilt, and abdominal muscle performance. Walker ML, Rothstein JM, Finucane SD, Lamb RL. 1987;67:512–516.]
▶Letter to the editor. Cintas HM. 1990;70:739.
▶Response. 1990;70:739.

Reliability of isokinetic measurements of hip muscle torque in young boys. Burnett CN, Betts EF, King WM. 1990;70:244–249.

Type II fiber activation with electrical stimulation: a preliminary report. Sinacore DR, Delitto A, King DS, Rose SJ. 1990;70:416–422.

Neck and trunk

Back

Lumbar curvature in standing and sitting in two types of chairs: relationship of hamstring and hip flexor muscle length. Link CS, Nicholson GG, Shaddeau SA, et al. 1990;70:611–618.

Patterns of hip rotation range of motion: a comparison between healthy subjects and patients with low back pain. Barbee Ellison J, Rose SJ, Sahrmann SA. 1990;70:537–541.

[Relationships between lumbar lordosis, pelvic tilt, and abdominal muscle performance. Walker ML, Rothstein JM, Finucane SD, Lamb RL. 1987;67:512–516.]

▶Letter to the editor. Cintas HM. 1990;70:739.

▶Response. 1990;70:739.

Scoliosis

Association between direction of lateral lumbar shift, movement tests, and side of symptoms in patients with low back pain syndrome. Tenhula JA, Rose SJ, Delitto A. 1990;70:480–486.

Validity and reliability testing of the Scoliometer®. Amendt LE, Ause-Ellias KL, Eybers JL, et al. 1990;70:108–117.

▶Letter to the editor. Stratford PW. 1990;70:456–457.

▶Response. 1990;70:457–458.

Neuromuscular facilitation

Letter to the editor [RE: Conservative care]. DonTigny RL. 1990;70:324.

Neurophysiology/neuroanatomy

[A model for multisystem evaluation and treatment of individuals with Parkinson's disease. Schenkman M, Butler RB. 1989;69:932–943.]

▶Erratum. 1990;70:54.

Sensorimotor contributions of the basal ganglia: recent advances. Connor NP, Abbs JH. 1990;70:864–872.

Orthotics/splints/casts

General

Energy expenditure of ambulation using the Sure-Gait® crutch and the standard axillary crutch. Annesley AL, Almada-Norfleet M, Arnall DA, Cornwall MW. 1990;70:18–23.

▶Letter to the editor. Martin D. 1990;70:455.

▶Response. 1990;70:455–456.

Letter to the editor [RE: Conservative care]. DonTigny RL. 1990;70:324.

Lower extremity

Effects of neuro-developmental treatment and orthoses on knee flexion during gait: a single-subject design. Embrey DG, Yates L, Mott DH. 1990;70:626–637.

Use of serial casting in the management of knee joint contractures in an adolescent with cerebral palsy. Phillips WE, Audet M. 1990;70:521–523.

Pain

Anterior dysfunction of the sacroiliac joint as a major factor in the etiology of idiopathic low back pain syndrome. DonTigny RL. 1990;70:250–262.

▶Commentary. Greathouse DG, Benson CJ, Cropper JR. 1990;70:262–264.

▶Response. 1990;70:264–265.

Association between direction of lateral lumbar shift, movement tests, and side of symptoms in patients with low back pain syndrome. Tenhula JA, Rose SJ, Delitto A. 1990;70:480–486.

Effect of helium-neon laser auriculotherapy on experimental pain threshold. King CE, Clelland JA, Knowles CJ, Jackson JR. 1990;70:24–30.

Patterns of hip rotation range of motion: a comparison between healthy subjects and patients with low back pain. Barbee Ellison J, Rose SJ, Sahrmann SA. 1990;70:537–541.

Reliability of clinical measurements of forward bending using the modified fingertip-to-floor method. Gauvin MG, Riddle DL, Rothstein JM. 1990;70:443–447.

Pediatrics

Development

A dynamical systems approach to motor development. Kamm K, Thelen E, Jensen JL. 1990;70:763–775.

A review of myotatic reflexes and the development of motor control and gait in infants and children: a special communication. Myklebust BM. 1990;70:188–203.

Evaluation

Concurrent and construct validity of the Pediatric Evaluation of Disability Inventory. Feldman AB, Haley SM, Coryell J. 1990;70:602–610.

Issues in measuring change in motor function in children with cerebral palsy: a special communication. Rosenbaum PL, Russell DJ, Cadman DT, et al. 1990;70:125–131.

Quantification of control: a preliminary study of effects of neurodevelopmental treatment on reaching in children with spastic cerebral palsy. Kluzik J, Fetters L, Coryell J. 1990;70:65–76.

▶Commentary. Scholz JP. 1990;70:76–78.

▶Response. 1990;70:76.

General

Preparation of physical therapists to work with handicapped infants and their families: current status and training needs. Cochrane CG, Farley BG, Wilhelm IJ. 1990;70:372–380.

Physical therapy profession

Professional issues

A profile of faculty development in physical therapy education programs. Rothman J, Rinehart ME. 1990;70:310–313.

Canadian therapists' priorities for clinical research: a Delphi study. Miles-Tapping C, Dyck A, Brunham S, et al. 1990;70:448–454.

Editor's note. A different kind of turf battle. Rothstein JM. 1990;70:149.

Editor's note. Caveat emptor and conference abstracts. Rothstein JM. 1990;70:277–278.

Editor's note. Constancy. Rothstein JM. 1990;70:403–409.

Editor's note. Heralding of breakthroughs. Rothstein JM. 1990;70:1–2.

Editor's note. Preparing to use technology. Rothstein JM. 1990;70:63–64.

Editor's note. Upon these rocks. Rothstein JM. 1990;70:467–469.

Editor's note. What's in a name? Rothstein JM. 1990;70:218.

Factors physical therapists use to make career decisions. Pearl MJ. 1990;70:105–107.

▶Letter to the editor. Matthews D. 1990;70:396.

▶Response. 1990;70:396–397.

Physical therapist curricula for the 1990s: educating the reflective practitioner. Shepard KF, Jensen GM. 1990;70:566–573.

▶Commentary. Hislop HJ. 1990;70:573.

▶Commentary. Schmoll BJ. 1990;70:574–575.

▶Commentary. Soderberg GL. 1990;70:575–576.

▶Response. 1990;70:576–577.

Relationship of professional involvement to clinical behaviors of physical therapists. Hart E, Pinkston D, Ritchey FJ, Knowles CJ. 1990;70:179–187.

Scholarly productivity: a regional study of physical therapy faculty in schools of allied health. Holcomb JD, Selker LG, Roush RE. 1990;70:118–124.

The novice versus the experienced clinician: insights into the work of the physical therapist. Jensen GM, Shepard KF, Hack LM. 1990;70:314–323.

Posture

General

Changes in posture control across the life span: a systems approach. Woollacott MH, Shumway-Cook A. 1990;70:799–807.

Coordination of posture and movement. Frank JS, Earl M. 1990;70:855–863.

Tests and measurements

Electromyographic analysis of postural adjustments in two methods of balance testing. Duncan PW, Studenski S, Chandler J, et al. 1990;70:88–96.

Postural control in standing following stroke: test-retest reliability of some quantitative clinical tests. Goldie PA, Matyas TA, Spencer KI, McGinley RB. 1990;70:234–243.

Relationship between performance of selected scapular muscles and scapular abduction in standing subjects. DiVeta J, Walker ML, Skibinski B. 1990;70:470–476.

▶Commentary. Sahrmann SA. 1990;70:476–477.

▶Response. 1990;70:478–479

Professional-patient relations

The novice versus the experienced clinician: insights into the work of the physical therapist. Jensen GM, Shepard KF, Hack LM. 1990;70:314–323.

What is empathy, and can empathy be taught? Davis CM. 1990;70:707–712.

▶Commentary. Ciccone CD. 1990;70:712–714.

▶Response. 1990;70:714–715.

Pulmonary

Breathing exercises

Breathing exercises for the medical patient: the art and the science. Kigin CM. 1990;70: 700–706.

Chronic obstructive pulmonary disease

Comparison of corridor and treadmill walking in patients with severe chronic obstructive pulmonary disease. Swerts PMJ, Mostert R, Wouters EFM. 1990;70:439–442.

Research

Canadian therapists' priorities for clinical research: a Delphi study. Miles-Tapping C, Dyck A, Brunham S, et al. 1990;70:448–454.

Theory: the guide to clinical practice and research. Tammivaara J, Shepard KF. 1990;70: 578–582.

Spinal cord dysfunction

Quadriplegia

Signs of temporomandibular joint dysfunction in spinal cord injured patients wearing halo braces: a clinical report. Crum NA. 1990;70: 132–137.

Sports physical therapy

Motivational considerations in physical activity involvement. Lewthwaite R. 1990;70:808–819.

State board examinations

State board examinations. 1990;70:905–907.

Temporomandibular joint dysfunction

Signs of temporomandibular joint dysfunction in spinal cord injured patients wearing halo braces: a clinical report. Crum NA. 1990;70: 132–137.

Tests and measurements

Functional

Balance performance on the postural stress test: comparison of young adults, healthy elderly, and fallers. Chandler JM, Duncan PW, Studenski SA. 1990;70:410–415.

Concurrent and construct validity of the Pediatric Evaluation of Disability Inventory. Feldman AB, Haley SM, Coryell J. 1990;70:602–610.

Effects of treadmill training on gait in a hemiparetic patient. Waagfjörd J, Levangie PK, Certo CME. 1990;70:549–558.

▶Commentary. Delitto A. 1990;70:558–559.

▶Response. 1990;70:560.

Interrater and test-retest reliability of two pediatric balance tests. Atwater SW, Crowe TK, Deitz JC, et al. 1990;70:79–87.

[Intertester reliability of clinical judgments of medial knee ligament integrity. McClure PW, Rothstein JM, Riddle DL. 1989;69:268–275.]

▶Letter to the editor. Snyder-Mackler L, Delitto A. 1990;70:204.

▶Response. 1990;70:204–205.

Relationship between performance of selected scapular muscles and scapular abduction in standing subjects. DiVeta J, Walker ML, Skibinski B. 1990;70:470–476.

▶Commentary. Sahrmann SA. 1900;70:476–477.

▶Response. 1990;70:478–479.

▶Letter to the editor. Queensberry G. 1990; 70:877.

▶Response. 1990;70:877.

▶Letter to the editor. Sullivan PE. 1990;70: 875–876.

▶Response. 1990;70:876–877.

Reliability and validity of judgments of the integrity of the anterior cruciate ligament of the knee using the Lachman's test. Cooperman JM, Riddle DL, Rothstein JM. 1990;70:225–233.

Reliability of a clinical kinematic assessment of the sit-to-stand movement. Jeng S-F, Schenkman M, Riley PO, Lin S-J. 1990;70:511–520.

Validity and reliability testing of the Scoliometer®. Amendt LE, Ause-Ellias KL, Eybers JL, et al. 1990;70:108–117.

▶Letter to the editor. Stratford PW. 1990;70: 456–457.

▶Response. 1990;70:457–458.

Validity of derived measurements of leg-length differences obtained by use of a tape measure. Beattie P, Isaacson K, Riddle DL, Rothstein JM. 1990;70:150–157.

General

[Comparison of integrated electromyographic activity and lumbar curvature during standing and during sitting in three chairs. Bennett DL, Gillis DK, Portney LG, et al. 1989;69: 902–913.]

▶Letter to the editor. Bryan JM. 1990;70:397.

▶Response. 1990;70:397–398.

Editor's note. Much ado about probability. Rothstein JM. 1990;70:535–536.

Reliability of clinical measurements of forward bending using the modified fingertip-to-floor method. Gauvin MG, Riddle DL, Rothstein JM. 1990;70:443–447.

Volume

Body-composition assessment using underwater weighing techniques. Francis KT. 1990; 70:657–662.

▶Commentary. Ciccone CD. 1990;70:662–663.

Theses and dissertations

Theses and dissertations—Titles. 1990;70: 50–53.

Transcutaneous electrical nerve stimulation

[Comparison of effects of transcutaneous electrical nerve stimulation of auricular, somatic, and the combination of auricular and somatic acupuncture points on experimental pain threshold. Lein DH Jr, Clelland JA, Knowles CJ, Jackson JR. 1989;69:671–678.]

▶Letter to the editor. Hall RV. 1990;70:398.

Upper extremity

Hand and wrist

[Evaluating the hand: Issues in reliability and validity. Bear-Lehman J, Abreu BC. 1989;69: 1025–1033.]

▶Letter to the editor. Jacobs J. 1990;70:266.

▶Response. 1990;70:266.

Vestibular system

Treatment of benign paroxysmal positional vertigo. Herdman SJ. 1990;70:381–388.
